POLES OF EXCELLENCE

*NEPHROLOGY AND DIALYSIS CENTER

The hospital includes the largest private dialysis center in Paris that is equipped with Gambro AK200s et AK200u units.

- NEPHROLOGY CONSULT
- 43 GAMBRO DIALYSIS UNITS
- VASCULAR ACCESS SPECIALISTS
- NEPHROLOGY / DIABETES / HTA CHECK-UP

*OBESITY SURGERY

INTERNATIONAL OBESITY CENTER OF PARIS

Patients can benefit from modern and proven techniques that are implemented by leading practitioners and experienced nursing teams. Obesity Surgery is based on three main procedures:

- GASTRIC BAND
- SLEEVE GASTRECTOMY
- BYPASS

Patients are supported by multi-disciplined staff who are specialists in the field of nutrition, psychology, endocrinology and surgery enabling us to offer the best solution for each case.

*HAND SURGERY AND UPPER LIMB

The team of hand surgeons provide support for all the pathologies of the upper limb; the technical platform allows for imaging assessments, first aid and surgery of the upper limb in microsurgery or fluoroscan. A 24/7 emergency team is available 365 days a year.

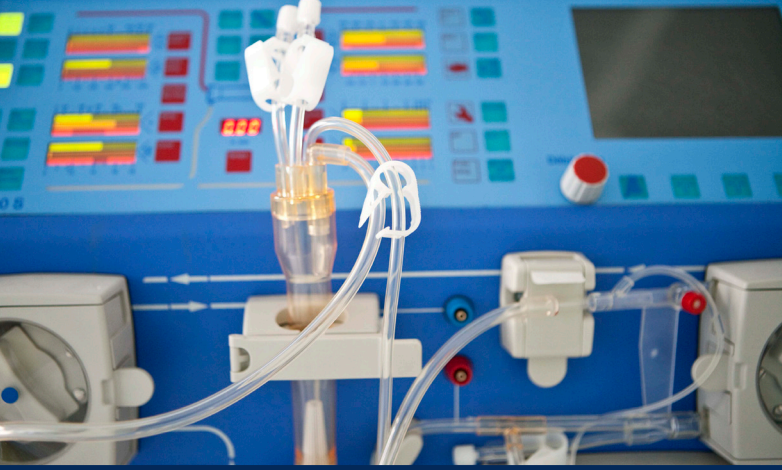

*LOWER LIMB SURGERY

The Orthopedic Clinic offers care provision covering the entire lower limb pathologies, including hip or knee replacement and foot surgery.

INTERNATIONAL
OBESITY
CENTER OF PARIS

*MEDICAL AND SURGICAL GYNECOLOGY - OBSTETRICS - ONCOLOGY

A team of specialised gynecologists and obstetricians, bringing together all the various facets (medical, surgical and obstetrical) has been formed creating the most experienced excellence center in Paris for gynecological and womens surgery.

OTHER POLES

*CARDIOLOGY HEART INSTITUTE PARIS CENTRE

The largest private team of specialists in Paris, dedicated to the management of all cardiovascular diseases:

- ELECTROCARDIOGRAMS
- TRANSTHORACIC CARDIAC ULTRASOUND SCANS
- TRANSESOPHAGEAL CARDIAC ULTRASOUND SCANS
